Nested lists

Itemize changes its label at every level:

- A bullet at the first level.
  - An en dash at the second level.
    - An asterisk at the third level.
      - A centred dot at the fourth level.
    - Back to the third level.
  - Back to the second level.
- Back to the first level.

Enumerate counts in four styles:

1. Arabic numerals.
   (a) Lower-case letters in parentheses.
      i. Lower-case roman numerals.
         A. Upper-case letters.
         B. A second upper-case letter.
      ii. A second roman numeral.
   (b) A second letter.
2. A second numeral.
